Behind the scenes The Wasteland Survival Guide is a carryover based on the book of the same name from Fallout 3 and Fallout. It was originally written by Moira Brown with the help of the Lone Wanderer. Some of the topics in the magazine were never mentioned in Fallout 3. However, other issues of the magazine (#2, #3, and #5) reference the quest itself: Issue #2, Insect Repellent Special, refers to Moira's attempt to develop Mole rat repellent. Issue #3, The Bright Side of Radiation Poisoning, refers to a stage of the quest where the Lone Wanderer gets radiation sickness so that Moira can test a home brew cure. Issue #5, Guide to Diamond City, refers to the stage where the Wanderer has to uncover the history of Rivet City.
